## WORK EXPERIENCE

### Front-End Developer

#### TeamTreeHouse

📅 Nov 2021 - current

📍 Remote

- Delivered responsive, cross-browser compatible and accessibility compliant websites, achieving 19% faster load time than industry average
- Produced stunning visual elements of web applications by translating UI/UX design wireframes into code while producing high quality, reusable markup using HTML5 and CSS3
- Use a variety of programming languages in order to create user-friendly web pages
- Designed dynamic and browser compatible pages using HTML5, CSS3, jQuery, and Javascript.
- Built single page applications (SPA), responsive web design, UI using HTML5 grid layouts, CSS3 media queries.

### Telecommunication Technician

#### Telus

📅 March 2019 - Nov 2021

📍 Surrey, BC

- Used diagnostic tools to identify hardware failures and replace non-functional components.
- Configured hardware, devices and software to set up work stations for employees and customers.
- Install, terminate, test and maintain copper and fiber optic voice and data cabling infrastructures.

## PROJECTS

### MELIA'S KLOSSET

- Online shopping store that specialize in women clothing.

### PORTFOLIO

- Online interactive portfolio showcasing a few projects I have created.

### WHEEL OF SUCCESS

- A word guessing game where players will click letters from an onscreen keyboard to try to guess a random phrase.

### WEB STYLE GUIDE

- Interactive dashboard web application using advanced web techniques including SVG graphics, Javascript using SASS.

### REGISTRATION FORM

- A sign-up responsive, mobile-first registration form for a newsletter using variety of HTML elements "The Code Review".
