WORK EXPERIENCE

Front-End Developer

TeamTreeHouse

📅 Nov 2021 - current 📍 Remote

- Delivered responsive, cross-browser compatible and accessibility compliant websites, achieving 19% faster load time than industry average
- Produced stunning visual elements of web applications by translating UI/UX design wireframes into code while producing high quality, reusable markup using HTML5 and CSS3
- Use a variety of programming languages in order to create user-friendly web pages
- Designed dynamic and browser compatible pages using HTML5, CSS3, jQuery, and Javascript.
- Built single page applications (SPA), responsive web design, UI using HTML5 grid layouts, CSS3 media queries.
- Utilized HTML, CSS, and JavaScript to create 100+ responsive landing pages for both company and client.

Telecommunication Technician

Telus

📅 March 2019 - Nov 2021 📍 Surrey, BC

- Used diagnostic tools to identify hardware failures and replace non-functional components.
- Configured hardware, devices and software to set up work stations for employees and customers.
- Install, terminate, test and maintain copper and fiber optic voice and data cabling infrastructures.
- Maintained compliance with company standards to perform all maintenance activities.
